Charlie Matthews
Matthews Custom Pools

We are writing this letter to let you know how pleased we are with our new Pool!!

When we originally thought of a pool, we never would have envisioned what we have today. It is not just a pool it's an oasis in our back yard; it truly is a work of art!! We appreciate your advice and guidance during the process we have received many compliments on the look and quality of your work.

Charlie, not only does it look great, we are extremely pleased with you and Matthews Custom Pools. From the day we met till the completion of the job, it was nothing but a pleasant experience. The communication and timely manner in which everything was done was exceptional.

Should you ever need a reference, please feel free to have them contact us.

Once again, thank you for the outstanding job!!!!
